

**IN THE SPECIFICATION:**

Please replace the paragraph beginning on page 4, line 15 with the following:

The P=3 receiving antennas S1, S2, and S3 receive signals from each of the antennas 14A and 14B, and the detected signals are combined in a combining circuit 16. The combined signals are applied to a separator circuit 18 which distributes the combined signals to the receiving devices 22 and 24.
